

Attaches Buttons in Seconds

The Buttoneer tool from Avery Dennison is quick and easy to use. Simply load the fastener clip, hold, push into the button and pull the trigger. This tool attaches buttons and more in only seconds. No sewing is necessary and it works on most fabrics. The Buttoneer is great for the home, office, school, and travel. Many people believe it is much easier than threading a needle, and once installed, the strong fastener won't unravel like thread. The fasteners are washer, dryer, dry cleaning, and ironing safe. The fasteners are very small and almost invisible.

Built for Comfort & Ease

This Buttoneer has been completely redesigned for improved ergonomics. The tool's handle now includes a storage area for fastener clips while the needle cover acts as a thimble to protect the user's fingers during use.

A Variety of Uses

- Repair loose buttons, straps, hems, pants, skirts or loose lining
- Decorate crafts and apply appliques

Retail Ready

- Each tool is securely mounted on a printed cardboard backer using an easy-to-remove IndES® Elastic Staple®
- 3 Easy user instructions steps are displayed on the card
- A PDQ container option for retail displays holds 10 tools

Part #	Description
